International Freight Forwarding Company

A Complete Guide to Global Shipping Solutions

IGF Express

What is an International Freight Forwarding Company?

An International Freight Forwarding Company is a logistics provider that manages the transportation of goods across international borders. It coordinates shipping, customs clearance, documentation, and cargo handling to ensure safe, timely, and compliant delivery.

Key Responsibilities

- Manages global cargo transportation
- Handles shipping documentation
- Coordinates customs clearance
- Arranges air and sea freight
- Provides shipment tracking
- Ensures safe and timely delivery

IGF EXPRESS
